“Just a quick email to say thank you our wedding transport was amazing and the driver Liana was even better! I don't know what I expected from the chauffer but I certainly didn't expect she would be the one fixing up my dress before I was about to walk down the isle! My bridesmaids may as well have had a day off !

She was fantastic helping me in and out of the car, the bubbly, the food, the music, the whole thing was awesome! None of us wanted to get out and go to our wedding reception, we could have stayed in that car drinking and laughing and talking forever Thank you thank you thank you” - Mr and Mrs Lyon
